

DRAW ALONG

SUNFLOWER

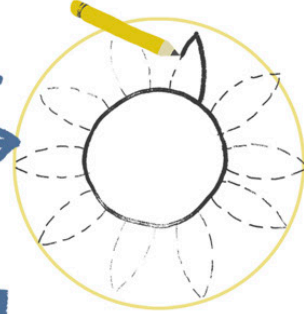

1. Let's start with the basic round shape!
Like the Sun :)

2.

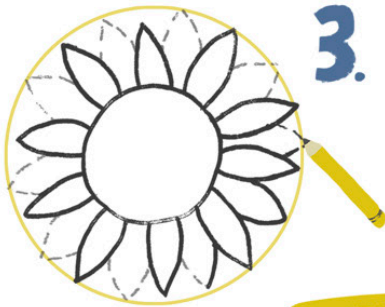

Then we draw the first row of petals.

approximate circle

3.

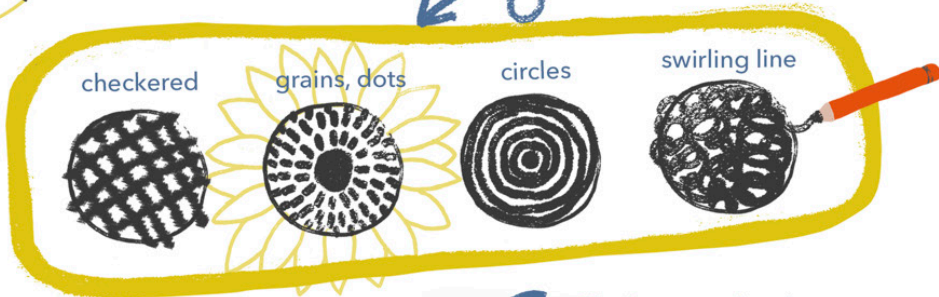

Our next step is to draw a second row of petals. For this, we draw inverted ticks that connect the petals from the first row.

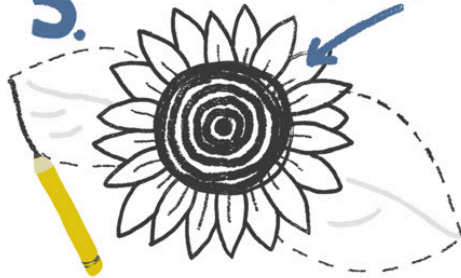

4.

Now you can choose which decoration to use for the middle part of the flower.

5. Add leaves and stripes on petals.

6.

Finalize your drawing with bright colors!

And also if you carve the flower and stick it to the stem you will get a really cute bookmark for your favorite books!
