

DRAW ALONG

color cut paste
WALTER

STEP 1: Color in the shapes. Walter's favorite is watercolor, but he also loves crayons, pencils, markers, and pastels. Don't worry about staying in the lines- make a mess!

STEP 2: Cut out all the shapes.

STEP 3: Lay down the shapes on a new sheet of paper and assemble them to create Walter.

STEP 4: Once you have put Walter together, glue down all of the cutouts on the new sheet of paper. Draw in any background you want.

STEP 5: Be Walter's voice! Write out what you would want him to say in the text bubble.
